General Features of the Grade 8 Intermediate-Level Social Studies Test

The Regulations of the Commissioner of Education provide that an intermediate-level social studies test is to be administered in Grade 8 to serve as an early indicator to determine if students are meeting the five intermediate-level New York State Learning Standards for social studies. Each student's performance on the test will be the basis for determining whether that student needs academic intervention services in social studies.

The New York State Grade 8 Intermediate-Level Social Studies Test is designed to measure student achievement of the content, concepts, and skills included in a chronologically organized study of United States and New York State history. The content and standards are described in the publication *Social Studies Resource Guide with Core Curriculum* (Grades 7–8).

The test is composed of two test booklets and is to be administered in two separate 1½-hour sessions. Schools may schedule the sessions on different days or on the same day. Booklet 1 contains a total of 45 multiple-choice questions and several short-answer, constructed-response questions. Booklet 2 contains a document-based question.

Each student's performance on the Grade 8 Intermediate-Level Social Studies Test will fall into one of four levels of performance. The descriptions of the performance levels and the specific test scores that correspond to the four levels are provided on page 18 of this manual and in the rating guide that is packaged with the test books. All students who score within levels 1 and 2 on the test must receive academic intervention services, which must begin no later than the beginning of the semester immediately following the administration of the test.

Information for School Administrators

General Information

For questions about general administration procedures for this test, contact the Office of State Assessment at 518-474-5099. For information about the rating of the Grade 8 Intermediate-Level Social Studies Test, contact JoAnn Larson in the Office of Curriculum and Instruction at 518-474-5922 or Gary Warren in the Office of State Assessment at 518-474-3860.

All school personnel who will be involved in the administration and scoring of this test must have a copy of this manual, which may be photocopied.

Administration Schedule

Schools must administer the New York State Grade 8 Intermediate-Level Social Studies Test between June 5 and June 20, 2003. Schools must administer the test in two separate sessions, which they may schedule on separate days or on the same day. Students who are absent for one or both parts of the test must complete the test within the period from June 6 to June 20.

Students To Be Tested

General Education Students

Except as noted below, all public school students in Grade 8 and all ungraded students who are age-equivalent to students in Grade 8 must take the Grade 8 Intermediate-Level Social Studies Test. Students retained in Grade 8 must retake the test. The Department strongly encourages nonpublic schools to administer this test to their students in accordance with these same provisions.

Students with Disabilities

The Committee on Special Education (CSE) must decide for each student with a disability on a case-by-case basis and document on the student's Individualized Education Program whether the student will be participating in the Grade 8 Intermediate-Level Social Studies Test or will not be participating in this assessment because the student is eligible for the New York State Alternate Assessment (NYSAA) for Students with Severe Disabilities or for a locally selected assessment. The criteria that the CSE must use to determine a student's eligibility to participate in NYSAA are available on the web site: <http://www.vesid.nysed.gov/specialed/alterassessment/home.html>. Information on the eligibility criteria for students with disabilities to participate in a locally selected assessment is available in a memorandum recently mailed to school principals entitled *Supplemental Guidelines for Participation of Students with Disabilities in State Assessments: Locally Selected Assessments*. This memorandum is available on the web site: <http://www.emsc.nysed.gov/deputy/Documents/disabilities-assess.htm>.

Use the chronological ages of students in ungraded classes to determine who must be tested. When determining which students will be participating in those tests, be sure to consider those students who attend programs operated by the Board of Cooperative Educational Services (BOCES) as well as any other programs located outside the school.

Limited-English-Proficient (LEP) Students

All LEP students are required to participate in the Grade 8 Intermediate-Level Social Studies Test. LEP students may take the test either in an alternative language or in English, whichever would be better for the student. LEP students may also use both an English and an alternative language

edition of the test simultaneously. Alternative language editions of the Grade 8 Intermediate-Level Social

Studies Test are provided in Chinese, Haitian Creole, and Spanish. The test may be translated orally into other languages for those LEP students whose first language is one for which a written translation is not available from the Department. Schools are permitted to offer LEP students specific testing accommodations when taking this test (*see page 4*).

Testing Accommodations

Students Who Incur Disabilities Shortly Before Test Administration

Principals may modify testing procedures for general education students who incur an injury (e.g., a broken arm) or experience the onset of a short- or long-term disability (e.g., epilepsy) sustained or diagnosed within 30 days prior to the administration of the Grade 8 Intermediate-Level Social Studies Test. In such cases, when sufficient time is not available for the development of an Individualized Education Program (IEP) or a Section 504 Accommodation Plan (504 Plan), principals may authorize certain accommodations that will not significantly change the skills being tested. These accommodations are limited to:

- extending the time limit for a test
- administering the test in a special location
- recording the student's answers in any manner
- reading the test to the student (only for students whose vision is impaired)

Eligibility for such accommodations is based on the principal's professional discretion, but the principal may confer with members of the Committee on Special Education (CSE) or with other school personnel in making such a determination. Pursuant to Section 100.3 of the Regulations of the Commissioner of Education, building principals are responsible for administering State assessments and for maintaining the integrity of test content and programs in accordance with directions and procedures established by the Commissioner of Education.

A principal does not need to obtain prior permission from the Education Department to authorize testing accommodations for general education students. However, the principal must send a full report concerning each authorization to the Office of State Assessment. Further, if the student is expected to continue to need testing accommodations, the principal must immediately make the appropriate referral for the development of an IEP or 504 Plan.

Students with Disabilities

All students with disabilities must be provided full access to the Grade 8 Intermediate-Level Social Studies Test to the extent that such testing is consistent with their individual needs. Students identified by the CSE of the district as having a disability should be allowed to use the testing accommodations specified in their IEP. Students who have been declassified may continue to be provided testing accommodations that are recommended by the local CSE at the time of declassification and are in the student's declassification IEP.

All necessary arrangements for implementing testing accommodations should be planned well in advance of the test date. The principal is responsible for insuring that students are provided with the testing accommodations specified in their IEP or 504 Accommodation Plan.

The Department's Office of Vocational and Educational Services for Individuals with Disabilities (VESID) provides more information on testing accommodations for students with disabilities on its web site: <ftp://unix2.nysed.gov/pub/education.dept.pubs/vesid/oses/test.access.mod/testacce.txt>.

Limited-English-Proficient (LEP) Students

Schools may provide the following testing accommodations to limited-English-proficient students:

- ***Time Extension:*** Schools may extend the test time for LEP students. Principals may use any reasonable extensions, such as “time and a half” (the required testing time plus one-half of that amount of time), in accordance with their best judgment about the needs of the LEP students. Principals should consult with each student’s classroom teacher in making these determinations.
- ***Separate Location:*** Schools are encouraged to provide optimum testing environment and facilities for LEP students. They may administer State tests to LEP students individually or in small groups in a separate location.
- ***Bilingual Dictionaries and Glossaries:*** LEP students may use bilingual dictionaries and glossaries when taking this examination. The bilingual dictionaries and glossaries may provide ***only*** direct translations of words. Bilingual dictionaries or glossaries that provide definitions or explanations are ***not*** permitted.
- ***Simultaneous Use of English and Alternative Language Editions:*** LEP students may use both an English and an alternative language edition of the test simultaneously. However, they should be carefully instructed to record all of their responses in only one of the two editions. The alternative language edition used by the student should be so indicated on the student’s answer document.
- ***Oral Translation for Lower Incidence Languages:*** Schools may provide LEP students with an oral translation of this examination when there is no translated edition provided by the Department. All translations must be oral, direct translations of the English editions. Written translations are not allowed. No clarifications or explanations may be provided. Translators should receive copies of the English edition of the tests one hour prior to administration. The Department’s Office of Bilingual Education and the Bilingual Education Technical Assistance Centers (BETACs) can assist schools in locating suitable translators.
- ***Writing Responses in the Native Language:*** LEP students making use of alternative language editions or of oral translations of this examination may write their responses to the open-ended questions in their native language. Scoring the tests is the responsibility of the school. However, the Department’s Office of Bilingual Education and the Bilingual Education Technical Assistance Centers (BETACs) can assist schools in locating persons who can translate the students’ responses into English to facilitate scoring of the answer papers.

Security of the Test

All test booklets, both used and unused, all scoring keys and rating guides, and all student answer papers must be considered secure during the entire test administration period designated by the Department. **The package containing the scoring materials must *not* be opened until after Booklet 1 has been administered. Scoring materials for Booklet 2 must be kept secure until that part of the test has been administered.** Caution scorers not to discuss the test content and scoring rubrics except during scoring sessions. Once the Department-designated test administration period has ended, the test materials are no longer secure.

A new form of the test will be provided for use each spring. The test booklets, scoring keys, and rating guides will be enclosed in sealed packages, which must be placed in a secure location as soon as they arrive in the school. The sealed packages must ***not*** be opened until the Booklet 1 and Booklet 2 administration dates, and then just early enough to permit the distribution of materials prior to the starting time of the test.

After the Department-designated test administration period has ended, schools may retain any unused test booklets for later use in their instructional programs. Also, teachers may keep the unused test booklets on file for use in discussions with students about their test performance. In addition, New York State teachers and administrators are authorized to make photocopies of these materials for use within their own school buildings following the conclusion of the testing period.

Student answer papers must be kept on file in the school for one year.

Administration of the Test

If the test results are to provide an accurate measure of student achievement in social studies, both students and teachers should be properly prepared for the administration. This manual provides suggestions for preparing students to take the tests. School personnel who administer the test must be familiar with the test materials and directions for administering provided in this booklet.

Scoring the Test

It is the school's responsibility to make the necessary arrangements for scoring the test. Nonpublic schools must use the answer sheet provided by the Department for Part I. Public schools may also use this answer sheet, or they may use their own machine-scorable answer sheets for Part I of the test. The Department's answer sheet may be either hand scored or machine scored. The Department provides a scoring key for hand scoring the answer sheet. Only equipment that can score NCS test materials can be used to machine score these answer sheets. The answer sheet contains fields for recording scores for the Part II constructed-response questions and the Part III document-based question.

Determining the Student's Final Test Score

The rating guide for each administration provides a chart for converting the student's total-test raw score to a scaled score. **Because the scaled scores corresponding to raw scores in the conversion chart may change from one test administration to another, it is crucial that, for each administration, teachers use only the conversion chart provided in the rating guide for that specific administration to determine the student's final score.** Take extreme care in recording the student's scores on each part of the test, adding these scores to determine the total-test raw score, and using the conversion chart to obtain the correct scaled score.

Determining the Need for Academic Intervention Services

Section 100.2(ee)(i) of the Regulations of the Commissioner of Education requires schools to provide academic intervention services to students who score below the State-designated performance level on the State assessment in intermediate-level social studies. All students who achieve a final score in performance levels 1 or 2 (that is, a score below 65) must receive academic intervention services. These services must commence in the September immediately following the administration of the test.

Recording Test Scores and Storing Student Answer Papers

The Department does not keep records of individual student scores on State tests. Therefore, the school must maintain complete and accurate records. A student's score and the date of administration must be entered on the student's permanent record. Student answer papers must be retained in the school files for at least one year.

All schools must keep their students' Booklets 1 and 2 on file in the school for at least one year. In addition, public schools must keep their students' Part I answer sheets on file for the same period. Nonpublic schools must send their students' Part I answer sheets to the Department along with the Class Roster in Appendix VIII. Nonpublic schools are advised to make copies of their students' Part I answer sheets before sending them to the Department. This provides a record of the Part I answers for the school's use and protects the student data should a package get lost in the mail.

Reporting Test Results to the Department

Public schools are required to submit the Grade 8 Intermediate-Level Social Studies Test data through the Local Education Agency Program (LEAP) reporting system. Contact the Office of Information and Reporting Services at 518-474-7965 for further information.

Nonpublic schools should refer to Appendix VII for information on returning answer documents to the Department.

Review of Answer Papers by Students and Parents

Students and parents/guardians of students who have taken the Grade 8 Intermediate-Level Social Studies Test have the right to review student answer papers after the scores have been recorded, as described above. The principal or the principal's designee should be present during a review to ensure that no changes are made on the answer papers as they are being reviewed.

General Test Administration Procedures

Test Materials

The Department provides the following test materials for administration of the two required student components of the Grade 8 Intermediate-Level Social Studies Test:

For the objective and constructed-response questions:

- Booklet 1 (contains Part I and Part II)
- separate answer sheet (hand scorable and machine scorable on NCS equipment)
- scoring key for the separate answer sheet
- rating guide for Booklet 1

For the document-based question:

- Booklet 2 (contains Part III)
- essay answer booklet, in which students are to write their final document-based essay
- rating guide for Booklet 2

The school must provide students with No. 2 pencils for the Part I objective questions in Booklet 1 and scrap paper for planning the Part IIIB essay in Booklet 2.

The test is available in large-type and braille editions. Alternative language editions of the test are available in Chinese, Haitian Creole, and Spanish. These are direct translations of the English edition. The directions to students in the alternative language editions are the same as those in the English edition. The Department does not provide separate directions for administering the alternative language editions of the test. Teachers who speak the language should be able to administer the alternative language editions by using a copy of the test in the appropriate language and the directions provided in this manual. If the test is administered by a teacher who does not speak the language, the directions in the alternative language edition should enable students to complete the test by themselves.

The separate answer sheets for the multiple-choice section of the test contain several grids with spaces for recording various types of student identification information. If the answer sheets are to be machine scored, it is essential that the school develop uniform written directions about the completion of these grids and provide these directions to all teachers administering the multiple-choice section of the test. Such directions should be based on careful consideration of the types of student and score information the school needs, as well as on the processing requirements of the scoring center the school is using. Note that the machine-scorable answer sheets the Department provides are scorable only on NCS equipment.

Special Considerations for Assuring Optimal Student Performance

If the test results are to provide an accurate measure of student achievement in social studies, the directions for administering the test should be followed carefully. The teacher administering the test should review the directions beforehand and become thoroughly familiar with them. Since the purpose of the test is to obtain the most accurate estimate possible of a student's achievement in social studies, it is essential that students be given an opportunity for fair assessment.

Students must not be given help in interpreting the test questions. They should be advised to answer the questions according to their best judgment. However, the teacher should give students all the assistance required in the mechanics of taking the test, such as filling out the heading of the answer sheet and the answer booklets and recording the answers.

Test Administration Time

Each of the two sessions of the test requires 1½ hours of testing time. In addition, schools should schedule approximately 15 minutes per session for teachers to give directions to the students and for students to record the student identification information on all test manuals. Schools must make arrangements to provide the testing accommodations indicated in the IEP or Section 504 Accommodation Plan of students with disabilities. Such accommodations often include extended time.

Preparations for Testing

Arrangements for administering the test should interfere as little as possible with the normal school routine. The test may be administered in the students' regular classroom or classes may be merged into larger groups, at the convenience of the school.

Pay special attention to the following points:

1. **The Testing Room.** Make sure that the testing room is adequately lighted and ventilated and free from noise and other distractions. It should have a chalkboard or a white board.
2. **Orientation of Students.** Inform students about the test a few days before the test administration. Emphasize that no special study is necessary. Make announcements in such a way as to increase the students' interest in the test and at the same time not cause them to become overly concerned. Notify parents/guardians of the dates of testing.
3. **Orientation of Teachers.** Make sure each teacher who will be administering the test is familiar with the detailed directions for administering the test provided in this manual prior to the testing date.
4. **The Test Materials.** Assemble sufficient quantities of the nonsecure materials needed to administer the tests, such as pencils and answer documents, at least one day before the test administration.

Do not open the sealed packages of secure test materials until the test administration date, and then just early enough to permit the distribution of materials prior to the scheduled starting time.

Administering the Test

Detailed Directions for Administering Booklet 1 (Objective and Constructed-Response Questions)

Make sure that sufficient quantities of all test materials are on hand. The following materials are needed:

For each student:

- Booklet 1
- answer sheet
- No. 2 pencil

For the teacher:

- detailed directions for administering Booklet 1 (pages 9-11 of this publication)
- Booklet 1 (for demonstration purposes)
- answer sheet (for demonstration purposes)
- extra answer sheets and pencils
- instructions for completing the student identification grids on the separate answer sheet (These instructions will vary according to the answer sheet used by the school.)

After the desks have been cleared of books and papers and when the students are ready to begin, say:

Today you are going to take a test in social studies. I will now give each of you a test booklet. Please leave the test booklet face up on your desk. Do not open the booklet until I tell you to do so.

Distribute one test booklet, face up, to each student. Then say:

I will now give out the answer sheets. Please do not write on the answer sheet until I tell you what to do.

After you have distributed the answer sheets, give directions for marking any machine-readable name or number grids. Then say:

Look at the cover of your test booklet. In the spaces provided, print your name and the name of the school.

After the students have filled in their names and the school name, say:

Read the information on the cover to yourself while I read it aloud.

The test has three parts. Parts I and II are in this booklet. Part III is in Booklet 2.

Part I contains 45 multiple-choice questions. Record your answers to these questions on the separate answer sheet. Use only a No. 2 pencil on your answer sheet.

Part II consists of several short-answer questions. Write your answers to Part II in this test booklet.

You will have 1½ hours to answer the questions in Booklet 1.

Now, open your test booklet to page 3. Read the directions for **Part I** to yourself while I read them aloud.

DIRECTIONS

There are 45 questions on Part I of the test. Each question is followed by four choices, numbered 1–4. Read each question carefully. Decide which choice is the correct answer. On the separate answer sheet, mark your answer in the row of circles for each question by filling in the circle that has the same number as the answer you have chosen. Use a pencil to mark the answer sheet.

Read the sample question below.

Sample Question

Which city is the capital of the United States?

- (1) Boston
- (2) Washington, D.C.
- (3) New York City
- (4) Philadelphia

The correct answer is **Washington, D.C.**, which is choice number **2**. On your answer sheet, look at the box showing the row of answer circles for the sample question. Since choice number **2** is the correct answer for the sample question, the circle with the number **2** has been filled in.

Answer all the questions on Part I in the same way. Fill in only one circle for each question. Be sure to erase completely any answer you want to change. You may not know the answers to some of the questions, but do the best you can on each one.

When you finish Part I, go on to Part II.

If students do not understand the sample question, the marking of the answer sheet, or the directions for Part II, explain the appropriate directions until everyone knows what to do.

After all questions have been answered, say:

When I tell you to, turn to question 1 and begin work. Answer all questions in this test booklet. When you are finished, close your test booklet and place it on top of your answer sheet.

Now, turn the page and begin work.

Record the time the test begins. If a clock is not visible to all students, post the starting time on the board. Tell students when there are 30 minutes remaining in the test.

Walk around the room and make sure that all students understand the directions for Part I and are marking their answer sheets correctly. Explain again the test-taking procedures to any student who appears to be having difficulty.

When students are working on Part II, make sure they understand the directions and are writing their answers in the test booklet.

If the test is administered in a regular classroom situation, students should remain quietly at their desks and be allowed to work on other assignments when they finish their tests. You may collect the test materials either as students complete the test or when most of the students have finished. In either case, you must collect all test materials before allowing a student to begin other assignments.

If the test is being administered in a large-group situation, schools may prefer to allow students to hand in their test materials as they finish and then leave the room. If so, take care that students leave the room as quietly as possible so as not to disturb the students who are still working on the test.

Detailed Directions for Administering Booklet 2 (Document-Based Question)

Make sure that sufficient quantities of all test materials are on hand. The following materials are needed:

For each student:

- Booklet 2
- essay answer booklet
- scrap paper (four sheets of paper)
- pen (Students may use pencils to write their final copy if using pens would present problems for them.)

For the teacher:

- detailed directions for administering Booklet 2 (pages 11 and 12 of this publication)
- Booklet 2 (for demonstration and reference purposes)
- essay answer booklet and scrap paper (for demonstration purposes)
- extra essay answer booklets, scrap paper, pens, and pencils

After the desks have been cleared of books and papers, distribute the essay answer booklets and the scrap paper.

If students are allowed to use pencils for writing their final copies, modify the directions that follow accordingly. Make any necessary changes *before* Booklet 2 is administered.

When the students are ready to begin, say:

This is a test of your thinking and writing skills in social studies. On your desk, you should have an essay answer booklet and scrap paper. (*show*) At the top of your essay answer booklet, check the box for Grade 8 Intermediate-Level Social Studies Test and print your name, the name of the school, and today's date. You should use a pen to write this information.

After the students have completed the heading on the essay answer booklet, distribute one Booklet 2, face up, to each student. Then say:

Please leave the test booklet face up on your desk. Do not open the booklet until I tell you to do so.

Then say:

In the spaces provided on the cover of Booklet 2, print your name and the name of the school.

After the students have filled in their names and the school name, say:

Read the information on the cover to yourself while I read it aloud.
The test has three parts. Parts I and II are in Booklet 1. Part III is in this booklet.
Part III is based on several documents.
Part IIIA contains the documents. Each document is followed by one or more questions. Write your answer to each question in this test booklet in the space provided.
Part IIIB contains one essay question based on the documents. Write your answer to this question in the separate essay answer booklet, beginning on the first page of the booklet.
You will have 1½ hours to answer the questions in Booklet 2 and write your essay.

If students do not understand the directions for Booklet 2, you may explain the appropriate directions until everyone knows what to do.

After all questions concerning the directions have been answered, say:

When I tell you to, turn to page 3 and begin work. When you are finished, close your test booklet and place it on top of your essay answer booklet.
Now, turn the page and begin work.

Record the time the test begins. If a clock is not visible to all students, post the starting time on the board. Tell students when there are 30 minutes remaining in the test.

Walk around the room and make sure that all students understand the directions about answering the questions and are beginning the test correctly. Explain the test-taking procedures to any student who appears to be having difficulty.

If the test is administered in a regular classroom situation, students should remain quietly at their desks and be allowed to work on other assignments when they finish the test. You may collect the test materials either as students complete the test or when most of the students have finished. In either case, you must collect all test materials before allowing a student to begin other assignments.

If the test is administered in a large-group situation, schools may prefer to allow students to hand in their test materials as they finish and then leave the room. If so, take care that students leave the room as quietly as possible so as not to disturb the students who are still working on the test.

In either situation, collect all test materials (test booklet, essay answer booklet, and scrap paper) from each student.

Scoring the Test

Scoring Booklet 1 Answers

The rating materials for Booklet 1 include:

- scoring key for the multiple-choice questions (Part I)
- specific scoring rubrics for the constructed-response questions (Part II)

Scoring Part I (Multiple-Choice Questions)

The student's score on Part I is the total number of questions that the student answers correctly. There is no penalty for wrong answers. A list of correct answers is printed on the scoring key.

The separate answer sheets provided by the Department for Part 1 may be either machine scored or hand scored.

- Machine Scoring:* The separate answer sheets provided by the Department can be processed only on NCS scoring equipment. If the school is making arrangements with a scoring center for machine-scoring services, be sure that the scoring center is able to score the type of answer sheets submitted by your school.
- Hand Scoring:* The separate answer sheets can be hand scored using the scoring key printed on translucent paper that is provided with the test. Boxes printed on the key show the correct answers. When the key is aligned properly with the answer sheet, each correct answer will be visible in a box. To hand score the answer sheets, use the following procedures:
 1. Scan each answer sheet to make certain that the student has marked only one answer for each question. If two or more answers have been marked, draw a horizontal line with colored pencil through all of the answer circles, so that no credit will be allowed for that question in scoring.
 2. Place the scoring key on the answer sheet so that the box indicating the correct answer for each question corresponds to the row of answer circles for that question.
 3. To obtain the total raw score, count the number of correct answers. Record the student's raw score (total number correct) in the space for Part I provided on the answer sheet. (A box for recording scores also appears at the end of Part 1 in the student's test booklet and on the back cover of Booklet 2.)

Rating Part II (Constructed-Response Questions)

The rating guide contains specific rubrics for the Part II constructed-response questions. Follow your school's procedures for training raters. This process should include:

Introduction to the constructed-response questions

The introduction to the constructed-response questions may take place once the administration of the test has begun. However, you may not remove the actual Booklet 1 rating guide from the package of scoring materials for use by raters until the school has finished administering Booklet 1.

- Raters read the questions.
- Raters identify the answers to the questions.
- Raters discuss possible answers and summarize expectations for student responses.

Introduction to the specific rubric

The trainer may begin the introduction to the specific rubric once the school has finished administering Booklet 1.

- Trainer leads review of the specific rubric for each constructed-response question.

Rating the constructed-response questions

- Each student's answer to each of the constructed-response questions is scored by one rater.
- The rater records the score for each constructed-response question in the student's test booklet.

The scoring coordinator is responsible for organizing the movement of papers, calculating a Part II score for each student, and recording that score on the student's Part I answer sheet and/or in the student's test booklet at the end of Part II. (A box for recording scores also appears on the back cover of Booklet 2.)

Rating Booklet 2 Answers

The Booklet 2 rating guide contains:

- a specific scoring rubric for the document-based question (DBQ) scaffold (open-ended) questions (Part IIIA) and the DBQ essay (Part IIIB)
- prescored anchor papers at each essay score level, with commentary explaining why a particular student paper was awarded that specific score
- prescored practice papers with scoring commentaries
- a chart for converting the student's multiple-choice (Part I), constructed-response (Part II), and DBQ scaffold question (Part IIIA) scores and total essay (Part IIIB) score to a final test score
- a chart indicating the score ranges for each of four student performance levels

The reliability of the scores is a fundamental concern in the measurement of the student's achievement. Therefore, at least two qualified teachers must score each student's essay. Only one qualified teacher need score the short-answer, document-based scaffold questions. Qualified raters include teachers of grades 7–12 social studies and special education teachers who are knowledgeable about the intermediate-level social studies curriculum. Raters should have received some school-level, district-level, or regional training on scoring social studies essays or scaffold (open-ended) questions as part of the turnkey training process.

It is recommended that schools with a small number of qualified social studies raters form a consortium of teachers to score as a group the answer papers from several schools.

In order to ensure reliable scoring, the principal of each school administering the Grade 8 Intermediate-Level Social Studies Test must appoint a scoring coordinator who will:

- manage the training and logistics of the scoring process.
- provide task-specific training, including review of the rating guide just prior to scoring.
- assign two teachers to rate each essay response independently, with a third teacher available to resolve discrepant scores. (A discrepant score is one that varies by more than one point on a 5-point rubric.) Only one rater is needed for the scaffold questions. If staffing is sufficient, separate teams of teachers should rate the Part IIIA scaffold questions and the Part IIIB essay.

Every effort should be made to avoid having a teacher rate his or her own students' responses. When this is not possible, a teacher should score no more than one part of his or her students' papers (i.e., the scaffold questions or the DBQ essay).

Organizing the Rating and Recording Process

Before a school reads and rates its students' responses, it must set up a procedure for collecting, arranging, and processing the answer papers and for maintaining records of the test results. The school should design a procedure that will produce a reliable score for each student and will facilitate maintenance of the school's records of each student's score. (See "Suggested Rating Procedure" on pages 15 and 16.)

Detailed Directions for Training Raters

In training raters to score student answers for Part III of the test, follow the procedures outlined below:

a. Introduction to the Scaffold Questions and the Essay Task

The trainer may begin the introduction to the scaffold questions and the essay task once administration of the test has begun. However, you may **not** remove the actual Booklet 2 rating guide from the package of scoring materials for use by raters until after the school has finished administering Booklet 2.

1. Raters read each scaffold question and/or the essay task.
2. Raters identify answers to each scaffold question and/or the essay task.
3. Raters discuss possible answers and summarize expectations for student responses.

b. Introduction to the Specific Rubric and Anchor Papers

The trainer may begin the introduction to the specific rubric and anchor papers once your school has finished administering Booklet 2.

1. Trainer leads review of specific rubric with reference to the essay task.
2. Trainer leads discussion of procedures for assigning holistic scores (i.e., by matching evidence from the response to the content-specific rubric).
3. Trainer leads review of each anchor paper and commentary.

c. Practice Scoring Individually

1. Raters score the practice papers independently without looking at the scores and commentaries provided after the papers.
2. Trainer records scores and leads discussion of scoring criteria until raters feel comfortable enough to move on to actual scoring.
3. If additional practice is required to reach scoring consensus, trainer may use a sample of student answer papers from the current administration of the test.

Suggested Rating Procedure

The following procedure is recommended for managing the mechanics of the rating process. Appendix II contains a copy of the Essay Rating Sheet and Appendix III contains a copy of the Part IIIB Record Sheet. You may photocopy as many copies of these sheets as you need, or you may create your own forms.

1. The person assigned as the coordinator of the rating process, or other designated representative(s), will be responsible for coordinating the movement of papers, calculating a final score for each student's essay, recording that information on the student's Part I answer sheet or on the last page of Booklet 2, and determining the student's final score and performance level for the test.
2. Set aside one room as a central location for collecting, sorting, circulating, and storing answer sheets/essay answer booklets and for preparing and maintaining records for these tests.

3. Provide a suitable location for rating of essays.
4. Allow time to provide training for scoring the specific task for all raters immediately before the rating of the students' responses (about 2 hours for the essay and about 30–40 minutes per document). It is strongly recommended that teachers be trained on one document and score those responses, then be trained and score the next document's response(s), etc.
5. Provide adequate time for rating (3–5 minutes per response for each essay, 1 minute per response for each scaffold question scored 0-2, and ½ minute per response for each scaffold question scored 0–1).

For Part IIIB, continue with these procedures:

1. Provide at least two qualified teachers to score each essay question. Divide raters into two-person teams. Designate one team member as Rater 1 and the other as Rater 2. After the test has been administered, keep the essay booklets together and shift them between raters.
2. Arrange the essay answers according to a sequence, using whatever order is most convenient for your school, e.g., class period, alphabetical, or local identification number. Beginning with the first paper in the sequence, enter each student's name on a copy of the Part IIIB Record Sheet. (*See Appendix III of this manual.*)
3. Divide each group of essays into bundles of 25 papers.
4. Prepare an Essay Rating Sheet for each bundle. (*See Appendix II of this manual.*) After recording the students' names on the rating sheet, photocopy the rating sheet. **Each rater will need a separate rating sheet for each bundle of essay papers he or she rates. The second rater must *not* be aware of the score assigned by the first rater.**
5. Distribute the bundles of essay papers to the rating teams, making sure that each rating team receives two rating sheets for each bundle of papers. Each rater on a team should rate one of the bundles and record his or her ratings on one of the rating sheets. The two raters should then exchange bundles. The second rater should only record his or her scores on the second rating sheet. **No scores or corrections should be indicated on the essay papers.**
6. After each team has completed rating a bundle, the team should return those answer papers to the designated central location. Remove the rating sheets completed by each rater from the bundles and enter the scores on the Part IIIB Record Sheet. Make sure there are two independent ratings for each response.
7. Review the two scores for each student to determine whether or not the student's scores for the essay are discrepant, i.e., a difference of more than one point between the two scores. If the two scores are not discrepant, enter the resolved score in the appropriate column on the Part IIIB Record Sheet.
8. Separate the students' responses with discrepant scores and make another bundle. Prepare a separate rating sheet for those discrepant papers. List the names of the students on a new rating sheet and attach the sheet to the corresponding bundle of student responses. Assign each of these bundles to a rater to obtain a third independent rating of the students' responses. *Make sure that the third rater is not one of the original two raters of that task and that the third rater has undergone the training for that task.*
9. After the necessary third ratings have been obtained, remove the rating sheets from the bundles of student responses and determine the resolved scores by using the method for resolving discrepant scores described below. Enter the resolved scores in the appropriate column on the Part IIIB Record Sheet.
10. Transfer the resolved scores to the space provided on the students' Part I answer sheets. (A box for recording scores also appears on the back cover of Booklet 2.)

For Part IIIA:

1. Follow a similar procedure for processing the papers.
2. The short-answer (open-ended) questions need be scored by only *one* qualified teacher.
3. The scores for each scaffold question may be recorded in the students' test booklet.
4. Record the total Part IIIA score in the space provided on the student's Part I answer sheet. (A box for recording scores also appears on the back cover of Booklet 2.)

Method for Determining the Score for the Part IIIB Essay

TWO RATINGS:

1. Compare the two ratings.
2. If the two ratings agree, the student receives that score.
3. If the two ratings are contiguous, the student receives the average of the two scores. **Do not round this score up to a whole number.**
4. If the two ratings are *not* contiguous, obtain a third rating.

THREE RATINGS:

1. Compare the three ratings.
2. If two of the three ratings agree, the student receives that score.
3. If the three ratings are different, the student receives the middle score.

EXAMPLES:

Student	Rater 1	Rater 2	Rater 3	Resolved Score*	Reason
<i>Student A</i>	2	2	—	2	Two ratings agree. Use that score.
<i>Student B</i>	2	3	—	2.5	Two ratings are contiguous. Use the average of the two scores.
<i>Student C</i>	2	4	4	4	Two ratings are two or more points apart. The third rating is done. Two of the three ratings agree. Use that score.
<i>Student D</i>	2	4	3	3	Two ratings are two or more points apart. A third rating is done. The three ratings differ. Use the middle score.
<i>Student E</i>	0	1	—	0.5	Two ratings are contiguous. Use the average of the two scores.

Entering Scores on the Part IIIB Record Sheet

The examples below show how students' scores should be recorded on the Part IIIB Record Sheet. (See Appendix III of this manual.)

Student's Name	Rater 1	Rater 2	Rater 3	Resolved Score*
1. <i>Student A</i>	4	2	3	3
2. <i>Student B</i>	1	4	2	2
3. <i>Student C</i>	4	3	—	3.5

* Individual raters may *not* assign scores ending in .5 to an essay. Such scores are obtained only when two contiguous scores are averaged. Resolved scores must *not* be rounded up to the next whole number.

Determining the Student’s Final Test Score

Record the number of correct answers for the multiple-choice questions (Part I), the total points awarded for the constructed-response questions (Part II), and the total points awarded for the scaffold (open-ended) questions (Part IIIA) in the appropriate spaces on the student’s Part I answer sheet. (A box for recording student scores also appears on the back cover of Booklet 2.) Add these three numbers together and write that score in the box labeled “Total Part I, II, and IIIA Score.”

Record the essay score for Part IIIB in the appropriate space.

To determine the student’s final test score, use the chart located at the end of the Booklet 2 rating guide for the current administration of the test. Locate the student’s total Parts I, II, and IIIA scores on the left side of the chart and the student’s Part IIIB

essay score across the top of the chart. The point where those two scores intersect is the student’s final test score. The chart included with the actual scoring key and rating guide will include scores ranging from 0 to 100 within the cells of the chart.

Four performance levels have been established for the Grade 8 Intermediate-Level Test in Social Studies: Level 4, Meeting the Standards with Distinction; Level 3, Meeting the Standards; Level 2, Not Fully Meeting the Standards; and Level 1, Not Meeting the Standards. The following chart indicates the range of final scores corresponding to these performance levels. This chart also appears in the Booklet 2 rating guide. Students scoring in Level 1 or Level 2 must be provided with academic intervention services.

Part I Score	
Part II Score	
Part IIIA Score	
Total Parts I, II, and IIIA Scores	
Part IIIB Essay Score	
Final Score (obtained from conversion chart) scaled 0–100	

Performance Level	Range of Final Scores	Descriptions
4 Meeting the Standards with Distinction	85–100	Shows evidence of superior understanding of the content and concepts and of the skills required for intermediate-level achievement in each of the learning standards and key ideas assessed in social studies. Shows evidence of superior ability to apply the social studies content, concepts, and skills required for entering secondary academic environments.
3 Meeting the Standards	65–84	Shows knowledge and understanding of the content and concepts and of the skills required for intermediate-level achievement of the five learning standards that are assessed in social studies. Shows the ability to apply the social studies content, concepts, and skills required for entering secondary academic environments.
2 Not Fully Meeting the Standards	44-64	Shows only minimal knowledge and understanding of the content and concepts and of the skills required for intermediate-level achievement of the five learning standards that are assessed in social studies. Shows only minimal knowledge of the social studies content, concepts, and skills required for entering secondary academic environments.
1 Not Meeting the Standards	0–43	Is unable to show proficiency in understanding the content and concepts and proficiency in the skills required for intermediate-level achievement in any or most of the learning standards and key ideas assessed in social studies. Is unable to show evidence of an ability to apply the social studies content, concepts, and skills required for entering secondary academic environments.

Appendix I

Generic Scoring Rubric Social Studies Document-Based Question

Score of 5:

- Thoroughly addresses all aspects of the *Task* by accurately analyzing and interpreting at least ___ documents
- Incorporates information from the documents in the body of the essay
- Incorporates relevant outside information
- Richly supports the theme or problem with relevant facts, examples, and details
- Is a well-developed essay, consistently demonstrating a logical and clear plan of organization
- Introduces the theme or problem by establishing a framework that is beyond a simple restatement of the *Task* or *Historical Context* and concludes with a summation of the theme or problem

Score of 4:

- Addresses all aspects of the *Task* by accurately analyzing and interpreting at least ___ documents
- Incorporates information from the documents in the body of the essay
- Incorporates relevant outside information
- Includes relevant facts, examples, and details, but discussion may be more descriptive than analytical
- Is a well-developed essay, demonstrating a logical and clear plan of organization
- Introduces the theme or problem by establishing a framework that is beyond a simple restatement of the *Task* or *Historical Context* and concludes with a summation of the theme or problem

Score of 3:

- Addresses most aspects of the *Task* or addresses all aspects of the *Task* in a limited way, using some of the documents
- Incorporates some information from the documents in the body of the essay
- Incorporates limited or no relevant outside information
- Includes some facts, examples, and details, but discussion is more descriptive than analytical
- Is a satisfactorily developed essay, demonstrating a general plan of organization
- Introduces the theme or problem by repeating the *Task* or *Historical Context* and concludes by simply repeating the theme or problem

Score of 2:

- Attempts to address some aspects of the *Task*, making limited use of the documents
- Presents no relevant outside information
- Includes few facts, examples, and details; discussion restates contents of the documents
- Is a poorly organized essay, lacking focus
- Fails to introduce or summarize the theme or problem

Score of 1:

- Shows limited understanding of the *Task* with vague, unclear references to the documents
- Presents no relevant outside information
- Includes little or no accurate or relevant facts, details, or examples
- Attempts to complete the *Task*, but demonstrates a major weakness in organization
- Fails to introduce or summarize the theme or problem

Score of 0: Fails to address the *Task*, is illegible, or is a blank paper

EXAMINATION STORAGE CERTIFICATE Grade 8 Intermediate-Level Social Studies Test

BEDS Code _____ School Name _____
City or Town _____ Examination Date _____
(Month/Year)

I, the undersigned principal of the school named above, do hereby declare that each of the security procedures listed below was fully and faithfully observed for the current administration of the Grade 8 Intermediate-Level Social Studies Test.

1. The sealed packages of secure test materials were stored in a secure place at the location indicated on the Examination Storage Plan submitted for the above examination period.
2. The secure place was maintained under strict security conditions. Only those persons listed on the Examination Storage Plan had access to the tests.
3. An inventory of the test materials was conducted as soon after delivery as was practical. The State Education Department was notified if any of the packages of secure test materials were not properly sealed when received. The sealed packages of secure test materials were replaced inside the secure location immediately after the inventory was completed.
4. The sealed packages of secure materials for the test were not removed from the secure location, except for the inventory of test materials shipped to the school, until the day on which the test was scheduled to be administered.
5. The sealed packages of secure materials for the test were not opened until the day on which the test was scheduled to be administered.

Name of Principal (print or type) _____

Signature of Principal _____ Date ____ / ____ / ____

After completion, retain in school files for one year.

Appendix VI

DEPUTY AND PROCTOR CERTIFICATE Grade 8 Intermediate-Level Social Studies Test

BEDS Code _____ School Name _____

City or Town _____ Examination Date _____

We, the undersigned deputies and proctors who assisted in the administration of the Grade 8 Intermediate-Level Social Studies Test, hereby declare our belief in the correctness of the following statement:

The rules and regulations for administering the test were fully and faithfully observed, and in particular:

1. The rules for administering the test were read to or read by each person who assisted in administering the test.
2. The test was held within the prescribed dates.
3. The tests were kept in the sealed packages until the administration date.
4. The students were given appropriate instructions and orientation before beginning the test.
5. The students were so seated as to prevent collusion.
6. Adequate supervision was maintained throughout the administration of the test.
7. The answer papers were collected from the students immediately at the close of the test.
8. All test booklets and scoring keys for the test were collected and returned to the principal.

(Attach additional sheets when necessary.)

After completion, retain in school files for one year.

Appendix VII

Instructions for Nonpublic Schools

Completing the Class Roster for Nonpublic Schools

School staff must complete the Class Roster(s) (*see Appendix VIII*) listing every 8th grade student in the school who will be taking the Grade 8 Intermediate-Level Social Studies Test. After the test is administered (between June 5 and June 20, 2003) and scored, staff should record student ID numbers and record each student's scores for all parts of the test (Part I, Part II, Part IIIA, and Part IIIB) and each student's final test score and level. The final test score and level are determined by using information provided in the Booklet 2 rating guide. The student ID number is the six-digit number at the bottom of page 2 of the machine-scorable answer sheet, which is sent to schools with the test materials.

Staff should indicate with a checkmark in the appropriate column those students for whom scores were not recorded because they were exempt from taking this test because they are students with disabilities eligible to take the New York State Alternate Assessment (NYSAA) or a locally selected assessment or they were absent for Parts I and II and/or Part III of the test.

Completing the Answer Sheets

Nonpublic schools must use the machine-scorable answer sheets the Department sends to schools with the test materials to record and report student demographic information and student test scores for the Grade 8 Intermediate-Level Social Studies Test. An answer sheet must be completed for each 8th grade student, including each age-equivalent student with disabilities and each LEP student. Students will record their responses for the multiple-choice questions on the left side of page 1 of the answer sheet during the administration of the test. Teachers will complete the right side of page 1 after the test administration.

Record "Alternate Assessment" in box 7 for any student with severe disabilities whom the student's home school district's Committee on Special Education (CSE) has identified to participate in the New York State Alternate Assessment (NYSAA) instead of the Grade 8 Intermediate-Level Social Studies Test. Record "Alternate Assessment" for these students even if they are not taking the NYSAA during the 2002–03 school year. Record "Locally Selected Assessment" in box 7 for any student with disabilities who will be taking a locally selected assessment instead of the Grade 8 Intermediate-Level Social Studies Test. (See the March 2002 memorandum from James Kadamus and Lawrence Gloeckler entitled *Supplemental Guidelines for Participation of Students with Disabilities in State Assessments: Locally Selected Assessments* on the web site: <http://www.vesid.nysed.gov/specialed/publications/policyparticipate.htm>.)

If the student did not complete the entire test because of absence, indicate the student's absence for Parts I and II and/or Part III in box 7 on the answer sheet. If your school does not have a sufficient number of answer sheets, contact the Office of State Assessment via fax at (518) 474-1989 to obtain additional copies.

Scoring the Test

Make sure that all student information is properly recorded on the answer sheet prior to scoring. Complete the *For Teacher Use Only* section on page 2 of each student's answer sheet. Record the student's scores for Part I, Part II, Part IIIA, and Part IIIB, and the student's final test score obtained by using the conversion table provided in the Booklet 2 rating guide. Keep a record of the students' scores at the school. (You may wish to make a photocopy of student

answer sheets for your records.) The Department will *not* be mailing student score reports to schools.

If your school is sending papers to a Regional Scoring Site to be scored, the scoring site *must* return the scored student papers to your school. The student's scores for Part I, Part II, Part IIIA, and Part IIIB must be recorded at the Regional Scoring Site.

DO NOT MAKE ANY EXTRANEIOUS MARKS ON THE ANSWER SHEETS. Stray pencil or pen marks of any color or liquid correction fluid on the answer sheet may interfere with the scanning of the sheets and result in inaccurate data being recorded for the student.

After the Scoring

Complete the Class Roster(s) by recording each student's final test score. Make sure that the information on the Class Roster(s) agrees with that on the student answer sheets. Make a photocopy of the Class Roster(s) for your records.

It is the principal's responsibility to submit the complete, scored answer sheets to the Department for scanning. Submission of these answer sheets satisfies the nonpublic school reporting requirements for the Grade 8 Intermediate-Level Social Studies Test. Nonpublic schools are *not* required to report aggregate results for this test to the Department. Send the Class Roster(s) to the Department with the scored answer sheets. *Do NOT include test booklets when submitting answer sheets to the Department.* Keep used student test booklets in your school for at least one year.

Mail the answer sheets and the Class Roster(s) using a tracking service (e.g., UPS, Federal Express) by **June 30, 2003**, to:

**Carolyn Bulson
New York State Education Department
Information and Reporting Services
Room 868 EBA
89 Washington Avenue
Albany, NY 12234**

The Department will scan the answer sheets to calculate school summary data. The Department uses secure procedures to protect the confidentiality of student records. The Department does *not* retain student names in its files.

Special Instructions for Reporting the Scores of Students with Disabilities

Public school districts are responsible for reporting assessment results for each student with disabilities placed outside the district by the Committee on Special Education (CSE). Schools with enrollments that include students with disabilities placed in the school by the student's home school district CSE must contact the home school district to obtain the appropriate public school answer sheets. Answer sheets for these students should not be sent to the State Education Department for scoring. The answer sheets and test booklets for each of these students should be returned to the home school district immediately after test administration so that the home school district can score them.

Department Contact

For further information on reporting scores for the Grade 8 Intermediate-Level Social Studies Test, contact Carolyn Bulson at (518) 474-7965 or cbulson@mail.nysed.gov.
